留学生古诗朗诵录制规范

International Students' Ancient Poetry Recitation Recording Standards

古诗朗诵不是“读课文”，而是“唱出心里的画面”。Ancient poetry recitation is not "reading a text", but "singing the picture in your heart."

一首二十个字的五言绝句，要让听众仿佛看见了诗人的身影、感受到了诗人的心跳。A five-character quatrain with twenty words should make the audience seem to see the poet's figure and feel the poet's heartbeat.

本规范将帮助你一步步完成古诗朗诵作品的录制，让你的声音穿越千年，与古人对话。This standard will help you complete the recording of your ancient poetry recitation work step by step, allowing your voice to travel through thousands of years and communicate with the ancients.

一、录制前的准备

I. Preparation Before Recording

1. 选篇原则：选你能“懂”的诗

1. Selection Principle: Choose a Poem You Can "Understand"

不要盲目追求名篇，选一首你能真正理解、能产生共鸣的诗。Do not blindly pursue famous poems; choose one that you can truly understand and resonate with.

选篇自检清单：

Poem Selection Self-Checklist:

我能用简单的话解释这首诗在说什么吗？Can I explain what this poem is about in simple words?

我能说出诗人写这首诗时大概是什么心情吗？Can I tell the approximate mood of the poet when he wrote this poem?

这首诗里有让我联想到自己经历的句子吗？Are there any sentences in this poem that remind me of my own experiences?

推荐篇目（按难度分级）：

Recommended Poems (Classified by Difficulty):

难度 Difficulty	篇目 Poem	适合人群 Suitable for
★☆☆	《静夜思》李白	想家的时候，每个人都是李白

★☆☆	"Quiet Night Thought" by Li Bai	When you miss home, everyone is Li Bai
★☆☆ ★☆☆	《春晓》孟浩然 "Spring Dawn" by Meng Haoran	喜欢春天、喜欢早晨的感觉 People who like spring and the feeling of morning
★☆☆ ★☆☆	《悯农》李绅 "Sympathy for the Farmer" by Li Shen	看到农民劳动会感动的人 People who are moved when seeing farmers working
★★☆ ★★☆	《登鹳雀楼》王之涣 "Ascending the Stork Tower" by Wang Zhihuan	想鼓励自己“更上一层楼”的时候 When you want to encourage yourself to "climb one more floor"
★★☆ ★★☆	《出塞》王昌龄 "Going to the Frontier" by Wang Changling	喜欢历史、有英雄情怀的人 People who like history and have a heroic feelings
★★★ ★★★	《将进酒》李白 "Bringing in the Wine" by Li Bai	性格豪放、想要释放情感的时候 When you have an unrestrained personality and want to release emotions

避坑提醒：

Pitfall Reminders:

不要选太长、太难的诗（除非你已经学了很久汉语）Do not choose poems that are too long or too difficult (unless you have been learning Chinese for a long time).

不要选自己完全不理解意思的诗（读出来也是空的）Do not choose poems whose meaning you do not understand at all (reading them will be empty).

不要只看拼音，一定要看汉字，理解每个字的意思 Do not only look at the pinyin; you must look at the Chinese characters and understand the meaning of each character.

2. 理解古诗：读诗先“懂”诗

2. Understanding Ancient Poetry: Understand Before Reading

拿到一首诗，先做四件事：When you get a poem, do four things first:

第一步：查字词

Step 1: Look Up Words and Characters

把不认识的字查出来，标注拼音 Look up the characters you don't know and mark their pinyin.

把不懂的词查清楚（比如“床”在古诗里有时指“井边的栏杆”）Look up the words you don't understand clearly (for example, "chuang" in ancient poetry sometimes refers to "the railing by the well").

第二步：知背景

Step 2: Know the Background

诗人是谁？哪个朝代的？Who is the poet? Which dynasty was he from?

当时诗人经历了什么？开心还是难过？What did the poet experience at that time? Happy or sad?

这首诗写给谁的？为什么写？Who was this poem written for? Why was it written?

第三步：想画面

Step 3: Imagine the Picture

闭上眼睛，听老师读一遍，你看到了什么？Close your eyes, listen to the teacher read it once, and what do you see?

把诗里的画面用自己的话说出来 Describe the picture in the poem in your own words.

找一张符合意境的图片保存下来（录制时可以帮助你进入情绪）Find a picture that fits the artistic conception and save it (it can help you get into the mood during recording).

第四步：联自己

Step 4: Connect with Yourself

这首诗让我想起自己的什么经历？What experience of my own does this poem remind me of?

如果我是诗人，我会用什么语气说这些话？If I were the poet, what tone would I use to say these words?

示例（《静夜思》）：

Example ("Quiet Night Thought"):

李白一个人住在外地，晚上睡不着，看到地上的月光，以为是霜。Li Bai lived alone in a foreign place. He couldn't sleep at night, and when he saw the moonlight on the ground, he thought it was frost.

抬头看月亮，低头就想起了家乡。He looked up at the moon and bowed his head, thinking of his hometown.

我想起自己刚来中国第一个月，也是睡不着，看着窗外的月亮，想起妈妈做的饭。I remember that in the first month I came to China, I also couldn't sleep. Looking at the moon outside the window, I thought of the food my mother made.

3. 脚本准备

3. Script Preparation

古诗朗诵的脚本不需要很长，但要把“理解”变成“表达”。The script for ancient poetry recitation does not need to be long, but it is necessary to turn "understanding" into "expression."

脚本格式：

Script Format:

部分 Part	内容 Content	示例（《登鹳雀楼》） Example ("Ascending the Stork Tower")
开场白（可选） Opening (Optional)	简单介绍诗人和诗 Briefly introduce the poet and the poem	“大家好，我朗诵的是唐代诗人王之涣的《登鹳雀楼》。” "Hello everyone, I am reciting 'Ascending the Stork Tower' by Wang Zhihuan, a poet of the Tang Dynasty."
古诗朗诵 Poetry Recitation	诵读全诗 Recite the entire poem	“白日依山尽，黄河入海流。欲穷千里目，更上一层楼。” "The sun sets behind the mountains, the Yellow River flows into the sea. To see a thousand miles further, climb one more floor."
讲解（可	用你自己的话解释	“太阳下山了，黄河水流向大海。

选） Explanation (Optional)	诗意 Explain the meaning of the poem in your own words	想要看得更远，就要再爬一层楼。” "The sun goes down, and the Yellow River flows into the sea. To see further, you have to climb one more floor."
个人感悟（可选） Personal Insight (Optional)	这首诗对你的启发 The inspiration this poem brings to you	“刚来中国时语言不好，但这首诗告诉我，想要进步就要‘更上一层楼’。” "When I first came to China, my language was not good, but this poem tells me that to make progress, I need to 'climb one more floor'."

时长控制：

Duration Control:

纯朗诵：30 秒-1 分钟 Pure recitation: 30 seconds - 1 minute

朗诵+讲解：2-3 分钟 Recitation + explanation: 2 - 3 minutes

严格遵守比赛要求 Strictly follow the competition requirements

二、朗诵技巧训练

II. Recitation Skill Training

1. 声调准：五言七言的“调子”

1. Accurate Tone: The "Melody" of Five-Character and Seven-Character Poetry

古诗是有“旋律”的，这个旋律来自声调和节奏。Ancient poetry has a "melody", which comes from tone and rhythm.

五言诗节奏（二三式）：

Rhythm of Five-Character Poetry (Two-Three Style):

床前 / 明月光　(二 + 三)Chuang Qian / Ming Yue Guang　(Two + Three)

疑是 / 地上霜 Yi Shi / Di Shang Shuang

举头 / 望明月 Ju Tou / Wang Ming Yue

低头 / 思故乡 Di Tou / Si Gu Xiang

前两个字一组，后三个字一组 The first two characters form a group, and the last three characters form a group.

每组之间有小停顿，不能一口气读完 There is a short pause between each group; do not read it all in one breath.

七言诗节奏（二二三式）：

Rhythm of Seven-Character Poetry (Two-Two-Three Style):

秦时 / 明月 / 汉时关　(二 + 二 + 三)Qin Shi / Ming Yue / Han Shi Guan　(Two + Two + Three)

万里 / 长征 / 人未还 Wan Li / Chang Zheng / Ren Wei Huan

但使 / 龙城 / 飞将在 Dan Shi / Long Cheng / Fei Jiang Zai

不教 / 胡马 / 度阴山 Bu Jiao / Hu Ma / Du Yin Shan

声调训练小技巧：

Small Tips for Tone Training:

先慢读，每个字都读准声调 Read slowly first, and pronounce each character with the correct tone.

用手指打拍子，一字一拍 Tap the beat with your fingers, one beat per character.

用手机录音自己读，和标准读音对比 Record yourself reading with your mobile phone and compare it with the standard pronunciation.

重点关注容易错的字：入声字（短促）、多音字（如“教”在“不教胡马度阴山”中读 jiào）Focus on easily mispronounced characters: entering tone characters (short and quick), polyphonic characters (for example, "jiao" in "Bu Jiao Hu Ma Du Yin Shan" is pronounced jiào).

2. 情感真：读出诗人的心

2. Sincere Emotion: Read the Poet's Heart

不同情感用不同声音：Use different voices for different emotions:

情感 Emotion	语速 Speed	音量 Volume	音调 Pitch	例子 Example
思乡 Homesickness	慢 Slow	中 Medium	低缓 Low and slow	《静夜思》 "Quiet Night Thought"

喜悦 Joy	中快 Medium-fast	稍高 Slightly high	上扬 Rising	《春晓》 "Spring Dawn"
豪迈 Heroic	中 Medium	高 High	有力 Powerful	《登鹳雀楼》后两句 The last two lines of "Ascending the Stork Tower"
悲壮 Solemn and tragic	慢 Slow	重 Heavy	低沉 Low	《出塞》 "Going to the Frontier"
愤慨 Indignation	快 Fast	强 Strong	起伏大 Great ups and downs	《悯农》后两句 The last two lines of "Sympathy for the Farmer"

情感训练方法：

Emotion Training Methods:

想一件让你有同样感受的事 Think of something that makes you feel the same way.

用那种感觉去读诗 Read the poem with that feeling.

比如读《静夜思》前，先想一下你最想家的时候 For example, before reading "Quiet Night Thought", first think about the time when you missed home the most.

读《登鹳雀楼》时，想象自己爬上了一座很高的楼，看到远处的风景 When reading "Ascending the Stork Tower", imagine yourself climbing a very tall building and seeing the distant scenery.

3. 重点句处理

3. Handling Key Sentences

一首诗不能每一句都用力，要有“高潮”。You cannot put effort into every sentence of a poem; there must be a "climax."

怎么找重点句：

How to Find Key Sentences:

最有名的句子（比如“欲穷千里目”）The most famous sentence (such as "To see a thousand miles further")

情感最强的句子（比如“粒粒皆辛苦”）The sentence with the strongest emotion (such as "Every grain is hard-earned")

结尾的句子（留给听众最后的印象）The ending sentence (leaving the final impression on the audience)

重点句怎么读：

How to Read Key Sentences:

可以稍微放慢速度 You can slow down a little.

音量稍微提高 Turn up the volume a little.

吐字更加清晰 Articulate more clearly.

情感更加饱满 Be more full of emotion.

三、录制技巧

III. Recording Skills

1. 环境选择

1. Environment Selection

最佳环境：

Best Environment:

安静（没有汽车声、说话声、空调声）Quiet (no car noise, talking, or air conditioning noise)

空间不宜太大（大房间有回声，小房间声音更集中）The space should not be too large (large rooms have echoes, small rooms have more concentrated sound)

最好有窗户（自然光）It is best to have windows (natural light)

避免的环境：

Environments to Avoid:

马路旁边（车声）Next to the road (car noise)

空荡荡的大厅（回声）Empty hall (echoes)

有风扇、空调直吹的地方（风声）Places with direct fan or air conditioning blowing (wind noise)

2. 声音录制

2. Sound Recording

设备准备：

Equipment Preparation:

手机：选录音音质好的一台 Mobile phone: Choose one with good recording quality

麦克风：有最好，没有也行（用手机自带耳机上的麦）Microphone: Best to have one, but not necessary (use the microphone on the mobile phone's original earphones)

距离：麦克风离嘴 15-20 厘米，太近喷麦，太远声音小

Distance: The microphone should be 15-20 centimeters away from the mouth; too close will cause popping, too far will make the sound small.

录制技巧：

Recording Tips:

正式录之前，先试录一段，听听效果 Before official recording, record a test segment first to listen to the effect.

保持稳定距离，头不要乱动 Keep a stable distance and do not move your head randomly.

如果喷麦（“被子”读成“屁子”），把麦克风放偏一点，不要正对嘴 If there is popping (e.g., "bei zi" is pronounced as "pi zi"), place the microphone a little sideways, not directly facing the mouth.

录制时看着镜头，想象你在对一个人倾诉 Look at the camera when recording, and imagine you are talking to someone.

3. 画面录制

3. Video Recording

画面要求：

Video Requirements:

画面稳定（用三脚架或把手机放在稳的地方）Stable video (use a tripod or place the mobile phone on a stable surface)

光线充足（脸要亮，不要背光）Sufficient light (the face should be bright, not backlit)

背景干净（不要有乱糟糟的东西）Clean background (no messy things)

不同风格的拍摄建议：

Shooting Suggestions for Different Styles:

风格 Style	拍摄建议 Shooting Suggestions	适合的诗 Suitable Poems
室内静态	坐在窗边，自然光，背景	《静夜思》《春晓》

Indoor Static	简洁 Sit by the window, natural light, simple background	"Quiet Night Thought", "Spring Dawn"
室外意境 Outdoor Artistic Conception	公园、湖边、校园一角 Park, by the lake, a corner of the campus	《登鹳雀楼》《望庐山瀑布》 "Ascending the Stork Tower", "Looking at Lushan Waterfall"
场景融入 Scene Integration	穿汉服、配道具（扇子、毛笔）Wear Hanfu and match with props (fan, writing brush)	《出塞》《将进酒》 "Going to the Frontier", "Bringing in the Wine"
书法配合 Calligraphy Coordination	边写字边诵读，或展示书法作品 Recite while writing, or display calligraphy works	任何诗 Any poem

意境营造小技巧：

Small Tips for Creating Artistic Conception:

《静夜思》：傍晚时分，窗边，自然光线稍暗"Quiet Night Thought": Evening, by the window, slightly dim natural light

《春晓》：樱花树下，微风，花瓣飘落"Spring Dawn": Under the cherry blossom tree, gentle wind, falling petals

《登鹳雀楼》：高处，远景，可以拍背影"Ascending the Stork Tower": High place, distant view, can shoot the back

《出塞》：开阔地带，黄昏，穿有飘带的衣服（风一吹很有感觉）"Going to the Frontier": Open area, dusk, wear clothes with ribbons (very feeling when the wind blows)

4. 出镜表现

4. On-Camera Performance

眼神：

Eye Contact:

看镜头，不要看地面 Look at the camera, not the ground.

想象镜头是你最好的朋友，你在对他/她说话 Imagine the camera is your best friend, and you are talking to him/her.

想远方时，眼神可以看向镜头外的远方 When thinking of the distance, your eyes can look far away outside the camera.

表情：

Expression:

思乡诗：眼神略带忧伤，表情柔和 Homesickness poems: Eyes slightly sad, expression gentle

豪迈诗：眼神坚定，表情自信 Heroic poems: Eyes firm, expression confident

喜悦诗：面带微笑，眼神明亮 Joyful poems: Smiling, eyes bright

不要面无表情，也不要表情夸张过度 Do not be expressionless, nor over-exaggerate expressions.

肢体：

Body Language:

站姿自然，不要像站军姿 Stand naturally, not like in military training.

可以有轻微的手势（比如“更上一层楼”时手往上指）Can have slight hand gestures (such as pointing up when saying "climb one more floor")

不要太多小动作（摸头发、拽衣服）Do not have too many small movements (touching hair, pulling clothes)

四、后期制作

IV. Post-Production

1. 声音处理

1. Sound Processing

剪辑：

Editing:

把说错的地方剪掉 Cut out the wrong parts.

开头和结尾留 1 秒空白（方便加音乐）Leave 1 second of blank at the beginning and end (convenient for adding music).

配乐：

Background Music:

选中国风纯音乐（古琴、古筝、笛子、琵琶）Choose Chinese-style pure music (guqin, guzheng, flute, pipa).

音量：背景音乐的音量调到人声的 30%-40%，不能盖过人声 Volume: Adjust the background music volume to 30%-40% of the human voice; it cannot cover the human voice.

音乐要和诗的意境匹配：

The music should match the artistic conception of the poem:

《静夜思》选《平湖秋月》《高山流水》（古琴版）"Quiet Night Thought" choose "Pinghu Qiuyue" or "Gaoshan Liushui" (guqin version)

《春晓》选《春江花月夜》《阳春白雪》"Spring Dawn" choose "Chunjiang Huayue Ye" or "Yangchun Baixue"

《登鹳雀楼》选《将军令》《十面埋伏》（选舒缓部分）"Ascending the Stork Tower" choose "Jiangjun Ling" or "Shimian Maifu" (choose the soothing part)

《出塞》选《广陵散》《胡笳十八拍》"Going to the Frontier" choose "Guangling San" or "Hujia Shibapai"

音量平衡：

Volume Balance:

人声主轨，音乐副轨 Human voice is the main track, music is the secondary track.

开头音乐稍响，人声出现时音乐降低 The music is slightly louder at the beginning, and decreases when the human voice appears.

结尾人声结束后，音乐再响一点然后淡出 After the human voice ends at the end, the music becomes a little louder and then fades out.

2. 画面处理

2. Video Processing

剪辑：

Editing:

把多余的部分剪掉 Cut out the redundant parts.

如果拍了多个镜头，按顺序连接 If multiple shots are taken, connect them in order.

转场用淡入淡出，不要太花哨 Use fade in and fade out for transitions; do not be too fancy.

字幕：

Subtitles:

加中文字幕（如果有双语要求，再加英文）Add Chinese subtitles (add English if there is a bilingual requirement).

字体选择：楷体、宋体、隶书（更有中国味）Font selection: KaiTi, SongTi, LiShu (more Chinese style)

字体大小：不要太大也不要太小 Font size: Not too big or too small

颜色：白字加黑边（最清楚）Color: White font with black border (clearest)

位置：屏幕下方，不要挡住脸 Position: Bottom of the screen, not blocking the face

调色：

Color Correction:

太暗：稍微调亮 Too dark: Brighten slightly

太黄：调一下白平衡 Too yellow: Adjust the white balance

怀旧感：可以稍微偏黄一点点（不要太过）Nostalgic feeling: Can be slightly yellow (not too much)

成品检查清单：

Finished Product Checklist:

时长符合比赛要求 Duration meets the competition requirements

声音清晰，没有杂音 Clear sound, no noise

配乐音量合适，没有盖过人声 Appropriate background music volume, not covering the human voice

字幕没有错别字 No typos in subtitles

字幕和声音同步 Subtitles are synchronized with the sound

画面稳定，没有抖动 Stable video, no shaking

开头有标题（诗名+作者）Title at the beginning (poem name + author)

结尾有简单的个人信息（姓名、学校）Simple personal information at the end (name, school)

五、常见问题与解决办法

V. Common Problems and Solutions

Q1：我汉语发音不够好，可以参加吗？

Q1: My Chinese pronunciation is not good enough, can I participate?

A：可以！评委看重的是你的努力和真情实感。你可以：A: Yes! The judges

value your efforts and sincere feelings. You can:

多听标准朗读，模仿 Listen to standard recitations more and imitate.

录之前请老师帮你纠正 Ask the teacher to help you correct before recording.

用真诚打动观众——有时候一个真心的眼神，比完美的发音更有力量 Move the audience with sincerity — sometimes a sincere look is more powerful than perfect pronunciation.

Q2：读诗时总是没有感情，像念课文怎么办？

Q2: I always read poems without emotion, like reading a text. What should I do?

A：试试这个方法：A: Try this method:

先不看诗，用你自己的话把诗的意思说出来 First, without looking at the poem, explain the meaning of the poem in your own words.

把你说话时的语气录下来 Record the tone when you speak.

再用这种语气去读诗 Then read the poem with that tone.
